

ASTRONOMINE

ASTRONOMINE WORLD IN MINECRAFT

WHAT ARE THE SPECIFIC OBJECTIVES OF THE ASTRONOMINE WORLD?

- Promote astronomy in schools through game-based learning.
- Improve the quality of education in the fields of STEM.
- Enhance teachers' digital skills.

THE MAIN RESULTS OF THE ASTRONOMINE WORLD

It can be used for educational purposes including:

- language and literacy
- digital storytelling
- social skills
- informatics
- chemistry
- ecology
- geology
- biology
- physics
- geography
- arts
- history

Minecraft will teach concepts relevant to the physical world due to its nature that is created to be similar to of real-world environment.

Minecraft gives the ability of players to destroy, collect and place almost every object in-game in the environment they want.

The world will also be combined with lesson plans addressed to teachers aiming to assist them in combining their lesson objectives to the Minecraft World exploration.
