

ASTRONO★MINE

ASTRONOMINE: LEARNING ASTRONOMY THROUGH MINECRAFT

Teacher's Manual

The **Teacher's Manual** will support educators to:

- 🌌 identify and address the gaps in astronomy education
- 🌌 develop interactive and hands-on activities in the classroom
- 🌌 gain new learning material and tools for introducing the new topic or improving an existing one in their curriculum

NOW AVAILABLE ON THE ASTRONOMINE WEBSITE TO
[DOWNLOAD](#)

in Basque, Dutch, English, Greek, Portuguese, Spanish (and in Gaelic shortly)

Astronomine Minecraft Worlds

The **3 Astronomine Worlds** are also available on the AstronoMine Website to [DOWNLOAD](#)

Learn as you navigate the exciting journey through:

- 🌌 World 1 Ancient Observatory
- 🌌 World 2 Tidal Power Plant
- 🌌 World 3 Stars (Modern Observatory)

THESE INNOVATIVE RESOURCES:

- 🌌 Promote astronomy in schools in a fun and exciting way, through game-based learning
- 🌌 Create opportunities for teachers to enhance their ICT skills
- 🌌 Improve the quality of education in the field of STEM
